Modern architecture  
is not a style,  
it's an attitude

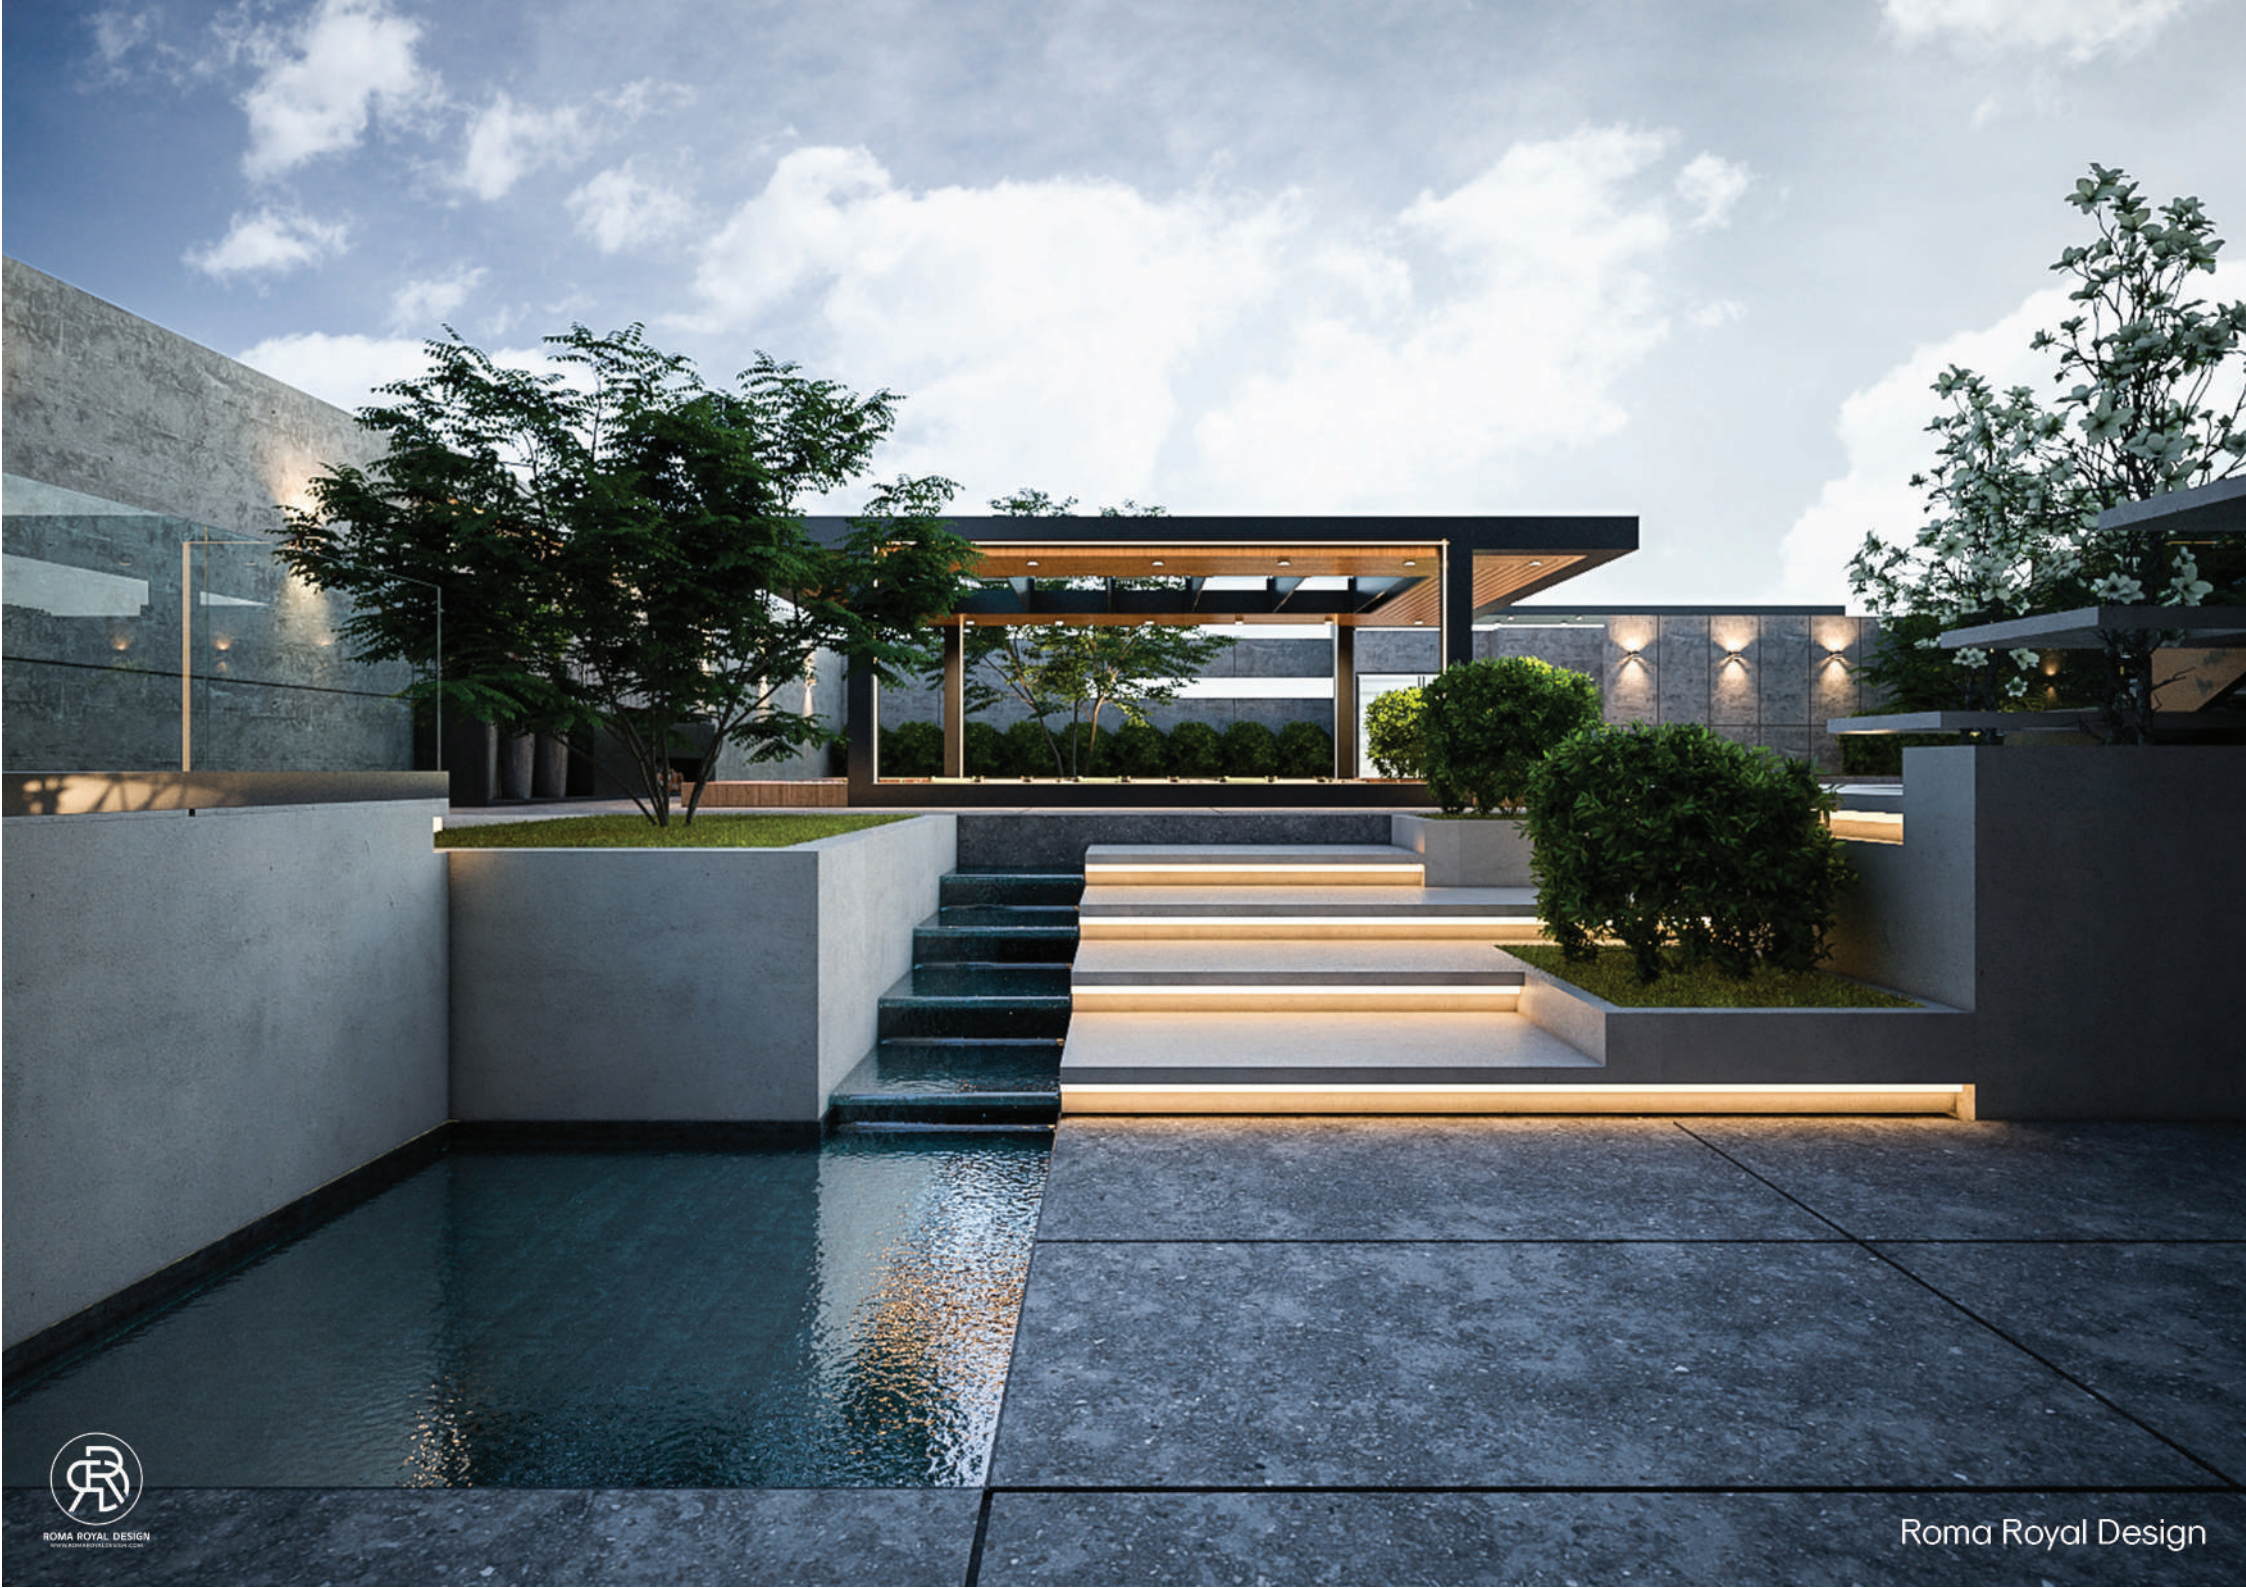

Modern architecture does not mean the use of immature new materials ; the main thing is to refine materials in a more human direction

### **Look To The Past For Inspiration**

A classical kitchen is the heart of the home , a warm , welcoming space that is not only for cooking but also for entertaining, relaxing and even working.

## Dental Clinic Design

Human interest in plants and nature has a historical record, which can be easily seen in houses with courtyards. Today, when most of the houses have become apartments, this proximity has decreased, but nevertheless, plants suitable for apartment houses have been able to compensate for this lack and limitation. These natural elements establish a link between industrial life and nature and add vitality and vitality to the space.

The most important role of design in your dental office is how the space affects your patients . The first impression your patients will have will be based on the appearance of your dental clinic, so you should make it count
